18 Which of the following approaches will your proposal advance?

Please review the definitions carefully and select all that apply. (Definitions are shown for this question in the live application.)

SELECT ALL THAT APPLY

- ☐ Shaping how AI is governed and used
- ☐ Building AI on community terms
- ☐ Challenging AI that doesn't serve communities

19 How, if at all, does your proposed work use AI? Please choose the best option.

We welcome applications regardless of whether your proposed work uses AI.

SINGLE CHOICE

- ○ This proposed work uses AI as part of its core deliverable(s) or methodology.
- ○ This proposed work does not use AI, OR only uses AI for routine purposes, such as internal drafting, editing, and research support.

APPEARS IF you selected **uses AI as part of its core deliverable(s) or methodology** above

20 Which best describes your use of AI models?

One explanation of the different types of models is available here.

SINGLE CHOICE
