Other Personnel

The following biographical information is provided for project personnel budgeted under Other Personnel (Line B).

[FULL NAME — TO BE PROVIDED]

Project role: Research Infrastructure Engineer (Other Personnel, Line B; 9.0 calendar months requested)

Current position: [TO BE PROVIDED]

Education: [TO BE PROVIDED — degrees, institutions, and dates; or state explicitly that no degree is held, which is permitted for this category]

Professional experience: [TO BE PROVIDED — employers, roles, and dates]

Qualifications relevant to the proposed work: [TO BE PROVIDED — the budget justification assigns this role responsibility for release and continuous-integration infrastructure (GitHub Actions), project web services, the Google Cloud Platform environment hosting project telemetry, the provenance and data-quality instrumentation scoped in the Risk Analysis and Security Plan, the technical environment for the community education pilots, and contributor-facing operational documentation. This section should establish the specific experience that supports those responsibilities.]

Relevant products and contributions: [TO BE PROVIDED — open-source contributions, repositories, publications, or technical work; or omit this line entirely if there are none to list]
